

ILKLEY HARRIERS

Ilkley Incline Results

Sponsored by
The Bicycle Shop, Skipton
Ilkley Physiotherapy

CS, 1m/560'
Wednesday 5th September 2012

Perfect conditions, and the second highest field in the eleven year history of the race, produced an exciting and encouraging race with spectators present along nearly all of the one mile uphill-only course. Exciting because Racheal Bamford smashed the female course record, which she had set last year in awful conditions, by 26 seconds and because only eight seconds separated the first three men with James Hall's magnificent run prevailing. Exciting because there were double the number of under 18's in the first twelve than in any previous race (up from two to four) including James and also Tom Hemingway in sixth place. Tom's club (Riverside Runners) is not one that is often seen on results sheets in Yorkshire because it is based over a hundred miles away in Cambridgeshire yet Tom's father (Maurice) has been running the Incline race for several years - each time somehow managing to get home in time for his supper. Another firm supporter of the race, Alison Bennett, was presented with one of Bernie Connor's famous marrows to recognise that she has run in all the Inclines (and winning a prize just about every time). The race was again generously sponsored by The Bicycle Shop Skipton and Ilkley Physiotherapy which ensured that the Incline could maintain an extensive prize list. Although a short race, the Incline needs in the order of fifteen people to help on the night and a very big thankyou is due to them for helping to make the occasion so enjoyable.
